We Dedicate

Our 1952 BORROMEAN to Sister Mary of St. Philomena Tobin of happy memory. Sister Philomena spent eleven successive years at St. Charles Academy where she was known, loved and respected by all who came in contact with her. Sister's untiring devotion to duty, her love of the missions, her generosity in the service of God as a zealous Marianite of Holy Cross will always be remembered by "her girls" and especially by the classes pictured on this dedication page. These students enjoyed the rare privilege of a four-year high school course under her faithful guidance as homeroom teacher.

We know she is enjoying the eternal reward she so richly merited in the vineyard of the Lord, as she strove ever upward and onward in her devotion to Our Lord and Our Lady of the Seven Dolors.

Entrance to our beloved Alma Mater showing the patron, St. Charles Borromeo, the statue is a gift of the Class of '35 and the mahogany electric clock is a gift of the Class of '47.

St. Charles Academy is a four-year approved State High School under the direction of the Marianites of Holy Cross. It has been a potent factor for good in Church and State, as evidenced by the number of people who gratefully claim the Academy as their loved Alma Mater.

Sister Mary Edith, the devoted principal, and her faculty, both religious and secular, labor for the greater glory of God, for the sanctification of their own souls and the salvation of others.

We now open the portals and ask you to share with us some of our happy memories!

1952 CLASS HISTORY

As we flip back the pages of time we see twenty-six wideyed and eager Freshmen enter long awaited "High School" in September of 1948. Before this year, September just meant a new teacher, a new classroom, but now new tasks and new thrills lay in store for us as well as initiation by the Seniors. Under the guiding hand of Sister Edith, our principal and homeroom teacher, our first year of high is closed with fond memories.

In just three short but tiring months, the portals of St. Charles welcomed us again but we were oldtimers now—sophisticated Sophs. This year lingers in our memories in a special way, our dream came true. On February 19, 1950, I. C. S. was dedicated by the most Reverend Bishop Jules B. Jeanmard. Now, we not only had a separate high school but also a gleaming new gym.

As Juniors, we realized that the time had come for us to buckle down and work. There was never a dull moment. We ordered our class pins and Santa Claus brought to S. C. A. the prettiest pins ever!! We were included in many Senior activities, we treated them at the Junior-Senior picnic, and with Landry Memorial we gave them the really perfect prom. Class night for the Seniors found us walking our sister-senior up to the stage and receiving from her an American Beauty rose. It was the symbol meaning that now we were the highest in the school.

Our best and last year came . . . but it was one a bit sorrowful for we knew that Sister Philomena would not be at SCA to welcome us because God had called her to her heavenly reward and we would be together as a class for only nine short months. Our class rings arrived the first week of school, gleaming gold to be cherished long after schooldays were over. This year we were fortunate in having Monsignor Boudreaux give us weekly talks, Father Disch had guided us through our first three years high. As leaders in the Sodality and C. S. M. C., we worked especially hard, besides our numerous other activities. The class play was a huge success as was our solemn retreat.

In May, class night and graduation came all too soon. How proud were we in our caps and gowns, the many tears shed on that night will long be remembered, the farewell to our homeroom teacher, Sister Joseph, who worked with us side by side in every activity, as well as each happy event of our high school career which will stay fresh in memories for a long time.

Others will take our place but our memories of St. Charles will live on. May our every deed make our Alma Mater proud of us.

1952 CLASS HISTORY

As we flip back the pages of time we see twenty-six wideyed and eager Freshmen enter long awaited "High School" in September of 1948. Before this year, September just meant a new teacher, a new classroom, but now new tasks and new thrills lay in store for us as well as initiation by the Seniors. Under the guiding hand of Sister Edith, our principal and homeroom teacher, our first year of high is closed with fond memories.

In just three short but tiring months, the portals of St. Charles welcomed us again but we were oldtimers now—sophisticated Sophs. This year lingers in our memories in a special way, our dream came true. On February 19, 1950, I. C. S. was dedicated by the most Reverend Bishop Jules B. Jeanmard. Now, we not only had a separate high school but also a gleaming new gym.

As Juniors, we realized that the time had come for us to buckle down and work. There was never a dull moment. We ordered our class pins and Santa Claus brought to S. C. A. the prettiest pins ever!! We were included in many Senior activities, we treated them at the Junior-Senior picnic, and with Landry Memorial we gave them the really perfect prom. Class night for the Seniors found us walking our sister-senior up to the stage and receiving from her an American Beauty rose. It was the symbol meaning that now we were the highest in the school.

CLASS PROPHECY

The future opens now for us

We Seniors of 1952

Our ambitions we will discuss

And wonder if they'll come true.

Dot Broussard's ambition was to save the world,

Now she's in Haiti diving for pearls.

Elaine Broussard who said she'd marry Wayne

Is now well known in the Hall of Fame.

A telephone operator was the chosen work of Helen Broussard

That is what she's doing now . . . working very hard.

A medical technician Jane Caldwell wanted to be,

She's now following Jimbo all over the seas.

To be a doctor was on Jeanene Crochet's mind

But now you'll see her having a good time.

From Louisiana Marie Dartez swore she'd never go

But now she's in Georgia with her best beau.

Mildred Daigle said she'd be a movie star,

But the closest she got to the theatre was selling candy bars.

Jerry Donovan said she'd be an old maid,

Now she is happy teaching the first grade.

Betty Gani, so little and sweet,

Now in Congress has a seat.

Imogene Gauthier who came from the stumps,

Is now in New Orleans doing the bumps.

To be a lab technician was Mollie Hughes dream,

But now she's at SEARS selling washing machines.

To be a Career Girl was Irma Knight's ambition,

You'll find her now in her little kitchen.

CLASS PROPHECY

A great cook Shelley Lamansky wanted to be
Currently she's at home, cooking for three.
Virtus Landry, who could hardly be seen,
Is now a Lieutenant in the U. S. Marines.
Frances Landry said she'd be a dancer,
She's now a great scientist, studying cancer.
Genny LaBiche wanted to work for Congress
You'll see her in the White House addressed as "The Laundress."
College was known by all as Gloria LeDoux's way of life
But she just sits at home as a sweet little wife.
A medical technician Gerry Newton wanted to be,
The chemistry labs have lessened . . . for she's blown up three.
Mary Primrose's duties never shirked,
Helping other people is her chosen life's work.
When discussing marching, Jackie Ryan was in a trance,
For McNeese State you'll now see her prance.
Mary Lou Ryan who was always so sweet,
Is employed by Truman and cannot be beat.
Eddye Shreve's ambition never worried her in the least
We all know why . . . she's Mrs. Floyd East.
To be a great singer was Carolyn Wherland's ambition,
Now she's quite busy with Bill's addition.
Yvonne Isklone's work was done with care,
She's now quite famous for styling hair.
What will really happen to us
Only time can tell
No matter what our futures are
We hope they turn out well.
